## Annexure I

There will be provision for all class of boilers, which have been installed in the state or which will be installed in the state in future, to opt for Third party certification after compliance of below mentioned points, Also owners need to provide a "self-certification form in case they opt for third party certification." (Attached in Annexure II)

1. A certificate authorizing the use of boiler ceases to be in force due to an accident or steaming off of the boiler and its pressure parts or steam pipes, attached thereto, the owner of the boiler shall apply to the concerned Boiler Inspector for renewal thereof for such period as may be prescribed by regulations. In other cases the owner may apply for renewal after inspection by designated competent person as provisioned in sub section (3) of Section 8 or through concerned Boiler Inspector as per his choice.
2. The inspection of the boiler and the boiler components and verification of alteration and addition as per the provisions of the said Act, Rules and Regulation framed thereunder Regulation 4J of the Indian Boiler Regulation, 1950. The Competent person shall follow instructions and guidelines of the Chief Inspector and shall be liable and responsible for any act, omission or commission committed against the regulation framed thereunder.
3. The owner of the boiler will carry out repairs, if necessary, of his boiler, under regulation 392 and 392A of Indian Boiler Regulation 1950, through a repairer of appropriate class and shall get inspection done of his boiler by competent authority. The repairs, if necessary, of boiler and inspection of boiler shall be carried out as per provisions of Indian Boiler Regulations 1950.
4. Material to be used for repair of Boiler and testing thereafter shall be as per technical specifications prescribed under Indian Boiler Regulations 1950. Welder deployed for welding during repair of boiler shall possess a valid certificate of appropriate class as prescribed in Chapter XIII of Indian Boiler Regulations 1950. Records of inspection, repair, repairer, welder, material test certificates, destructive testing & non-destructive testing shall be maintained by the owner of boiler and shall be produced to boiler inspectorate on demand.
5. After satisfactory repairs, if carried out; and inspection of boiler, the owner of the boiler and the competent person shall issue 'Certificate of boiler' as appended with this notification declaring that the boiler is fit to operate at approved working pressure for a period of twelve months from date of inspection. This scheme shall be called "Self certification of Boiler". It is an optional provision.
6. The owner of the boiler shall submit Self- Certificate of Boiler in two copies along with challan of renewal inspection fee as prescribed under rules or regulation, within fifteen days from date of inspection to Uttarakhand Boiler Inspectorate as prescribed from time to time. On receipt of Certificate and challan of Uttarakhand Boiler Inspectorate shall record certificate & challan in Memorandum of inspection book and then return within fifteen day, one copy of Certificate duly acknowledged, along with the Fitness Certificate to the owner of the boiler. At the discretion for the owner of the Boilers, procedure may be completed through off-line means. The process of self-certification of boiler under this scheme shall be deemed to be completed after acknowledgement by Uttarakhand Boiler Inspectorate.
7. It will be responsibility of the owner of the boiler to turn & maintain his boiler as per provisions of Boiler Act – 1923 and regulations/rules framed under the Act. He will also be responsible for any violation of the provisions or accident.

8. The security amount for opting this scheme of "Self certification of Boiler" after applying to the Chief Inspector of Boilers of Uttarakhand along with the challan of security deposit as under:-

- a. For boiler up to 1000sqm heating surface area (rating) :Rs 5000/-
